The Central Intelligence Agency has received a number of Freedom of Information requests for articles or book reviews from a classified CIA publication, Studies in Intelligence. In order to accelerate future responses to these requests, we have decided to review all issues of Studies, which commenced publication in 1955, for possible declassification and release. We have determined that the enclosed article or book review contains information of interest to your Agency.

Enclosed is: "Policy and Nuclear Test Ban", volume 3, number one, winter 1959, Official Use Only. CIA poses no objection to the release of this article. However, because the article draws upon the official negotiating record, of which State is the official custodian, we defer to State's decision on release.

Please review the enclosure under the terms of the Freedom of Information Act, and return it to us with your determination that, as far as your agency equities are concerned, it may be declassified and released, should be denied in whole, or can be released in a sanitized form. Please indicate those portions you wish deleted by enclosing them in red brackets and indicating the appropriate FOIA exemption.

If you have any questions concerning this request, please call of my staff on

Sincerely,

Lee S. Strickland
